

YOUR MONTHLY EDITION OF *ROOTS 'n' SHOOTS* NOVEMBER, 2021

OH NO (VEMBER)!

Every year around November, we say the same thing "Oh no, where has the time gone?" or "Can you believe that the year is finished already?", because as much as there is another month left on the calendar, we all know that December in South Africa is not a month. It's festive! We start getting ready to shut down for the Christmas break, schools have ended and the rush to usher in the new year starts. Whatever it is that you are doing over the festive period, be it spending time with the family or spending time alone we at PBR International hope that you are safe.

LAST CALL FOR ORDERS

We have been very busy this year! We have welcomed new staff members to our team, introduced new products to our range and have launched exciting promotions throughout the year, so we are looking forward to our upcoming annual shut down. PBR International will be closed from the 24th of December 2021 to the 10th of January 2022. We are looking forward to a well-deserved break so that we can come back in January bright eyed and bushy tailed, ready to "wow" you with even more than we did in 2021. We don't want you to be stuck without products over the festive season, so please be sure to place your orders with us by no later than Tuesday the 14th of December 2021. Any orders placed after the 14th will be attended to when we return to the office on Monday the 10th of January 2022.

MEET THE TEAM

Meet Lionel!

Lionel has come a long way with PBR International. All the way back to the days when we were in Pringle Bay. He now works for Greve Enterprises, the company that handles all of our powder manufacturing and packaging needs.

Greve Enterprises was established as part of PBR International's social responsibility, empowering staff to start their own businesses.

Lionel is the youngest member in the team. He might be young, but he is very hardworking, he also goes above and beyond the call of duty and is extremely loyal. Both PBR International and Greve Enterprises are lucky to have him as part of their team.

WHAT'S NEW AT PBR INTERNATIONAL?

The team at PBR International recently spent the day at The Animal Welfare Society of South Africa as part of their way of giving back to the community.

The team came to hear about the amazing work that the AWS was doing during the time of the horrific cat killings that were happening in Manenberg, Cape Town. Despite being an organisation that is hugely funded by donations, the team at The Animal Welfare Society spent all their time and resources trying to help catch the perpetrator of these atrocities. I am happy to announce that the case was handed over to the South African Police Services and the perpetrator was apprehended.

The team at PBR International feel very strongly about giving back to the community, especially to those who have no voice.

Stay tuned to our Social Media pages to see the pictures and videos of our time at the Animal Welfare Society.
